TeamDrive Named a “Cool Vendor in Privacy” by Gartner

TeamDrive Recognized for its Innovative and Secure “Sync & Share” Technology Named One of Gartner’s “Cool Vendors” of 2013

Hamburg, Germany - May 22, 2013 - TeamDrive Systems, the leading European-based provider of secure enterprise file synchronization services, announced today that it has been included in the “Cool Vendors in Privacy”, 2013 report by Gartner, Inc.

The rapid adoption of tablets and smart devices has seen the emergence of private and hybrid cloud services for secure “Sync & Share” technologies. “We believe our inclusion in the Cool Vendor report by Gartner is confirmation that TeamDrive’s “security by design” meets the requirements of enterprises for secure collaboration solutions,” as stated by Volker Oboda, CEO & Co-founder of TeamDrive Systems.

“We will continue to develop next generation, secure and user-friendly “Sync & Share” technology. We wholeheartedly thank Gartner for recognizing our contributions and efforts towards more privacy and security in the enterprise file sharing and synchronization market.”

About TeamDrive Systems

TeamDrive Systems enables secure, cross-company, as well as cross-platform, collaboration with total privacy, maximum security. TeamDrive offers a combination of cloud computing (private and public) and the free choice of servers, which delivers unlimited cost-effective scalability and independence. TeamDrive runs on Linux, Windows, Mac servers and clients as well as iPhones, iPads and Android Smartphones.
